

Guided Tour: Leuven and Surroundings by bike
Leive mê de vélo

An original and tasteful cycling tour along the southern borders of the city of Leuven. One can not miss a visit of the Park Abbey. The castle of Arenberg and the large Beguinage are mandatory during this tour. An aperitif 'under the trees', a main course and dessert in historical places will tease your taste palette. Strewn with nice stories from the enthusiastic Q-rius guide, you are ready for an all-round activity within legendary living Leuven!

This tour can be organised at noon (departure between 10.00 and 11.30) from Monday till Saturday. Modifications are possible in this formula. We will be glad to make you a tailored program.

Starting point: Peace Monument at Leuven Station. A different starting point can be considered. There is a car park 'De Bond' underneath Leuven Station (www.mappy.be).

Duration: 4 hours. We request customers to be present at the starting point 10 minutes before departure. If we start later, we might be forced to adjust the planned program.

Price: € 50 per person (If bikes do not need to be included, a reduction will be given).

Included: guide, bike, aperitif, main course with matching drinks, dessert with coffee or tea & 21% VAT.

When the group exceeds 25 participants, it can be divided in subsets. Each subset will walk with its own guide. The different groups can meet at dessert. When the group is less than 12 persons, we ask a compensation of 15 euro per person less than 12.

The walk can be guided in Dutch, French and English.
